Yearlong season coverage

Title Sponsor: \$1,000

Banner space in SET lobby + onstage acknowledgement before every show of a main stage performance + business card space on concession tables + 4 season tickets + full page ad

Broadway Cares/Equity Fighting AIDS:

Representatives travelled to Portland to participate in the annual Oregon Thespians Leadership Summit. The purpose of the summit was to connect and form lasting relationships with other departments around the state. Part of the agenda for the trip was to propose regional and statewide goals to be reached by every department. One such goal devised for the state was to raise \$3000 for Broadway Cares/Equity Fighting AIDS by the end of March. As troupe 750, South Eugene Theater students will compete among classes to raise the most money for the cause.

Fundraising:

This month, students will participate in a letter writing fundraiser in attempt to receive donations for our program. They will write and send the requests during class time.
